Process Mapping (AS-IS & TO-BE)

Goal:

Illustrate how employee attrition is currently tracked (AS-IS) vs. how your project improves it (TO-BE). You'll later **design diagrams** in Draw.io, Lucidchart, or PowerPoint.

TO-BE PROCESS (Post-Project – Data-Driven & Efficient) HR Imports Employee Data into Power BI Power BI Dashboard Auto-Calculates Attrition Filters by Age, Department, Income, etc. High-Risk Patterns Are Detected e.g., overtime + low salary Reports Automatically Sent to HR & Managers Weekly L&D & HR Take Preemptive Action

Attrition Reduces Over Time
